Philosophy

The Preschool Learning Center values individual abilities, allows a time for children to make choices, provides age-appropriate activities, promotes intellectual stimulation, fosters creative learning at the level of the child's thinking, includes math and reading readiness activities, encourages development of good habits and desirable attitudes toward group living, and believes that children learn best through hands-on activities. Christian concepts are incorporated into our learning activities, including Old and New Testament Bible stories. The atmosphere in the classroom conveys and teaches Christian values.

A variety of curriculum developmentally appropriate for preschool children is used to provide our experienced teachers with the best resources available to help them set their goals and plan their daily lessons to meet the specific needs of students.

Mission Statement

As a ministry of Leesburg Community Church, the Preschool Learning Center reaches out to preschoolers and their families by offering a developmentally appropriate early childhood program. This ministry welcomes all children regardless of race, gender, ability, or religious beliefs. It is our sincere desire to strengthen families and to develop the whole child spiritually, intellectually, physically, emotionally, and socially. Our goal is to guide children in developing a hunger for learning and a love for Christ.

Staff

The Director is Jo Anna Rich, who also serves as the Minister of Children and Families at Leesburg Community Church. She has a BA from the University of South Alabama and an MDIV from the Southern Baptist Theological Seminary. She has 20 years of experience working with preschoolers and children.

Our Lead teachers have 4 year degrees and come from a variety of Christian backgrounds. Their experience, as well as their love and commitment to children, families, and God provide an extraordinary preschool environment.

Each Lead teacher has a loving assistant teacher with a degree and/or preschool classroom experience.
